

BEREA RTC PBIS NEWS

Quarterly Newsletter, Volume 1, 2023 Edition

WELCOME BACK to an exciting, new school year! We hope everyone has had a wonderful summer!

We encourage and invite your district, if it is not already receiving **Preschool PBIS** support, to take advantage of the helpful services the Berea RTC provides! The **Pyramid Model** is a framework of evidence based practices for promoting young children's social and emotional development. Programs using this approach may experience the following:

- Reductions in child challenging behavior
- Changes in classroom and program climate
- Increases in children's social skills
- Reduced turnover in the program
- Increased satisfaction of program staff and families
- Increases in teachers' competence and confidence in the support of children

Using a Visual Schedule: a Preschool Classroom Essential

Some helpful tips for using a daily visual schedule:

- ★ Includes photographs or clip art for each daily activity
- ★ Each daily activity is represented

- ★ Posted at children's eye level
- ★ Accommodates when changes occur (rainy weather, special events)
- ★ Indicates the passing of time (pieces can be flipped over, removed, or marker denotes current activity)
- ★ Remains visible the entire day

WHAT'S HAPPENING THIS MONTH

UNIVERSAL

Districts Receiving Universal Support:

- Powell County
- Knox County
- Pineville Ind.
- Laurel County
- McCreary County
- Clay County
- Fayette County
